Aviat Networks Announces Fiscal 2020 Third Quarter and Nine Months Financial Results

Company Reaffirms Prior Guidance and Remains on Track to Deliver \$11 - \$12 Million of Adjusted EBITDA in FY20

AUSTIN, TX, May 12, 2020 -- Aviat Networks, Inc. (NASDAQ: AVNW), ("Aviat Networks," "Aviat," or the "Company"), the leading expert in wireless transport solutions, today reported financial results for its fiscal 2020 third quarter and nine months ended April 3, 2020.

Pete Smith, Aviat Networks' President and Chief Executive Officer stated, "The COVID-19 pandemic has been unlike anything we have experienced before on a global basis. All of us at Aviat want to extend our appreciation to the first responders, healthcare professionals and all who have been on the frontline protecting our safety. I also want to extend my personal appreciation to the Aviat team, our suppliers and customers. As part of the Critical Workforce Infrastructure, it has been essential that we maintain our operations and deliver for customers; and we have."

Smith continued, "Third quarter revenue was up 13.6%, gross margins grew by 570 basis points and Adjusted EBITDA improved by \$4 million compared to the fiscal 2019 third quarter. We continue to drive meaningful growth in North America, which was up 30% and while our International revenue declined in the third quarter, the Latin America and APAC regions were up, and the declines in other reported regions lessened. Our balance sheet remains strong and our cash position improved over \$1 million sequentially and by \$7.3 million since the fiscal year began. Overall, when you look at our progress throughout the full fiscal year, with everything we have faced including contractor/manufacturer issues, management changes and the COVID-19 pandemic, we are pleased with our results and market position. We remain on track to meet our guidance and deliver between \$11 and \$12 million of Adjusted EBITDA this fiscal year, with our eyes set on both top- and bottom-line growth next fiscal year. There are a lot of changes underway now and more to come that should open up new revenue streams and drive profitability which in turn, should lead to increased shareholder value."

Fiscal 2020 Third Quarter and Nine-Month Comparisons

Fiscal Year 2020 Third Quarter Summary

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES AND REGULATION G DISCLOSURE

To supplement the consolidated financial statements presented in accordance with accounting principles generally accepted in the United States (GAAP), we provide additional measures of gross margin, research and development expenses, selling and administrative expenses, operating income (loss), provision for or benefit from income taxes, net income, diluted net income per share, and adjusted income before interest, tax, depreciation and amortization (Adjusted EBITDA), adjusted to exclude certain costs, charges, gains and losses, as set forth below. We believe that these non-GAAP financial measures, when considered together with the GAAP financial measures provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any particular period. We also believe these non-GAAP measures enhance the ability of investors to analyze trends in our business and to understand our performance. In addition, we may utilize non-GAAP financial measures as a guide in our forecasting, budgeting and long-term planning process and to measure operating performance for some management compensation purposes. Any analysis of non-GAAP financial measures should be used only in conjunction with results presented in accordance with GAAP. Reconciliations of these non-GAAP financial measures with the most directly comparable financial measures calculated in accordance with GAAP follow.

- (1) The adjustments above reconcile our GAAP financial results to the non-GAAP financial measures used by us. Our non-GAAP net income (loss) excluded share-based compensation, and other non-recurring charges (recovery). Adjusted EBITDA was determined by excluding depreciation and amortization on property, plant and equipment, interest, provision for or benefit from income taxes, and non-GAAP pre-tax adjustments, as set forth above, from the GAAP net income (loss). We believe that the presentation of these non-GAAP items provides meaningful supplemental information to investors, when viewed in conjunction with, and not in lieu of, our GAAP results. However, the non-GAAP financial measures have not been prepared under a comprehensive set of accounting rules or principles. Non-GAAP information should not be considered in isolation from, or as a substitute for, information prepared in accordance with GAAP. Moreover, there are material limitations associated with the use of non-GAAP financial measures.
