North America revenue of \$49.0 million increased by \$7.0 million or 16.7%, compared to \$42.0 million in the comparable fiscal 2021 period. International revenue was \$25.5 million compared to \$24.4 million in the comparable fiscal 2021 period, an increase of \$1.1 million or 4.5%.

For the nine months ended April 1, 2022, revenue grew by 11.0% to \$225.5 million, as compared to \$203.2 million in the comparable fiscal 2021 period. North America revenue of \$151.0 million increased by \$14.3 million or 10.5%, as compared to \$136.7 million in

the comparable fiscal 2021 period. International revenue of \$74.5 million for the fiscal 2022 nine-month period increased by \$8.0 million or 12.0%, as compared to \$66.5 million in the comparable fiscal 2021 period.

#### **Gross Margins**

In the fiscal 2022 third quarter, the Company reported GAAP gross margin of 37.0% and non-GAAP gross margin of 37.1%. This compares to GAAP gross margin of 38.5% and non-GAAP gross margin of 38.7% in the comparable fiscal 2021 period, a decrease of (150) and (160) basis points respectively. Gross margins continue to be pressured by expedite fees and inflation as we work to overcome supply chain issues. However, our pricing actions to offset higher costs continue to gain momentum as evidenced by a 80 bps improvement in margins as compared to the prior fiscal quarter.

For the nine months ended April 1, 2022, the Company reported GAAP gross margin of 36.3% and non-GAAP gross margin of 36.4%. This compares to GAAP gross margin of 37.8% and non-GAAP gross margin of 37.9% in the comparable fiscal 2021 period, a decrease of (150) basis points in each case.

#### **Operating Expenses**

GAAP total operating expenses for the fiscal 2022 third quarter were \$20.1 million, compared to \$21.5 million in the comparable fiscal 2021 period, a decrease of \$(1.5) million or (6.9)%. Non-GAAP total operating expenses, excluding the impact of restructuring charges, share-based compensation, and merger and acquisition expenses for the fiscal 2022 third quarter were \$19.2 million, as compared to \$19.7 million in the comparable fiscal 2021 period, a decrease of \$(0.5) million or (2.5)%. The decreased spending resulted from cost control efforts and benefits from prior restructuring.

The Company reported GAAP total operating expenses for the fiscal 2022 and 2021 nine-month period of \$58.3 million. On a non-GAAP basis, excluding the impact of restructuring charges and share-based compensation, total operating expenses for the fiscal 2022 nine-month period were \$56.3 million, as compared to \$55.2 million in the fiscal 2021 period, an increase of \$1.1 million or 1.9%.

#### **Operating Income**

For the fiscal 2022 nine-month period, the Company reported GAAP income tax expense of \$6.5 million, compared to \$(88.6) million in the comparable fiscal 2021 period, or an increase of \$95.1 million.

Both the current quarter and nine-month period increases were due to a \$92.2 million one-time benefit recognized in the third quarter of fiscal 2021 from release of the valuation allowance against the Deferred Tax Asset.

#### **Net Income / Net Income Per Share**

The Company reported GAAP net income of \$6.0 million in the fiscal 2022 third quarter or GAAP net income per fully diluted share of \$0.51. This compared to GAAP net income of \$94.7 million or \$8.00 per fully diluted share in the comparable fiscal 2021 period. Again, the decrease was due to the \$92.2 million one-time tax benefit in fiscal 2021. On a non-GAAP basis, the Company reported net income of \$7.9 million or non-GAAP net income per fully diluted share of \$0.67 in the fiscal 2022 third quarter, compared to a non-GAAP net income of \$5.8 million or \$0.49 per share in the comparable fiscal 2021 period.

#### **Balance Sheet Highlights**

As of April 1, 2022, the Company has no loans outstanding. #### Fiscal Year 2022 Third Quarter Summary

#### RECONCILIATION OF NON-GAAP FINANCIAL MEASURES AND REGULATION G DISCLOSURE

To supplement the consolidated financial statements presented in accordance with accounting principles generally accepted in the United States (GAAP), we provide additional measures of gross margin, research and development expenses, selling and administrative expenses, operating income, provision for or benefit from income taxes, net income, net income per share, and adjusted income before interest, tax, depreciation and amortization (Adjusted EBITDA), in each case, adjusted to exclude certain costs, charges, gains and losses, as set forth below. We believe that these non-GAAP financial measures, when considered together with the GAAP financial measures provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any particular period. We also believe these non-GAAP measures enhance the ability of investors to analyze trends in our business and to understand our performance. In addition, we may utilize non-GAAP financial measures as a guide in our forecasting, budgeting and long-term planning process and to measure operating performance for some management compensation purposes. Any analysis of non-GAAP financial measures should be used only in conjunction with results presented in accordance with GAAP. Reconciliations of these non-GAAP financial measures with the most directly comparable financial measures calculated in accordance with GAAP follow.

<sup>(1)</sup> The adjustments above reconcile our GAAP financial results to the non-GAAP financial measures used by us. Our non-GAAP net income excluded share-based compensation, and other non-recurring charges (recovery). Adjusted EBITDA was determined by excluding depreciation and amortization on property, plant and equipment, interest, provision for or benefit from

income taxes, and non-GAAP pre-tax adjustments, as set forth above, from GAAP net income. We believe that the presentation of these non-GAAP items provides meaningful supplemental information to investors, when viewed in conjunction with, and not in lieu of, our GAAP results. However, the non-GAAP financial measures have not been prepared under a comprehensive set of accounting rules or principles. Non-GAAP information should not be considered in isolation from, or as a substitute for, information prepared in accordance with GAAP. Moreover, there are material limitations associated with the use of non-GAAP financial measures.
